Philadelphia Magazine's Gift Ideas For Dad!

You can take the soap-on-a-rope idea up a notch with these men's grooming products from JOE GROOMING.

"JOE GROOMING is a line of natural and organic based products for men. When we formulated the line the idea was to take organic ingredients like organic soy, olive oil, ginkgo and ginseng and apply it to the product. For example, the JOE GROOMING Thickening Shampoo is made with organic Barley & Hops -- It's Basically Beer!"

-- Steve Dross, Creator & Chief Spokesperson for JOE GROOMING
